ONE MESSAGE

MANY STORIES

ONE MESSAGE CAMPAIGN

Now is the time for Round Lake Christian Camp to step forward in faith to facilitate the health and growth of this ministry.

Since its inception as Round Lake Christian Assembly in 1949 until present, Round Lake Christian Camp is an organization striving to share **One Message**, that of God's love with anyone that will receive Him, including but not limited to schools, churches, businesses and people of all ages. This ministry endeavors to reach beyond the summer programs to engage young people year round. The relationship Round Lake has with the Christian Churches and Churches of Christ is considered a high priority to be a partner and extension of those churches in an effort to enhance their ministry and help facilitate spiritual growth.

For more than four generations, every person that has been touched by the ministry of Round Lake has a story. All those stories continue to unfold as one life that was changed, impacts another life, which changes another. **Many Stories** are told and retold of how God's love has changed each life.

ELIMINATE DEBT

The addition of the Gym and Retreat Center in recent years has launched the ministry of the camp forward while incurring a \$1.2 million debt in 2003. Currently this has been paid down to approximately \$300,000*. Paying off the debt saves the camp nearly \$60,000** in interest expenses and frees up \$56,000** in the annual General Operating budget. This is just good stewardship (Proverbs 22:7).

(*As of June 1, 2012. **Over the next 7 years.)

CAMPAIGN GOAL

In June 2012, Round Lake will pay off the entire mortgage and all debt through the donations of the One Message Campaign. This effort determines to raise \$315,000 in pledges over and above regular giving by December 31, 2011, with donations to be completed by June 1, 2012. Currently this has been paid down 75% of the way leaving only \$300,000*.

God has not called us to do ministry alone.

What is your Kingdom legacy?

We all have an opportunity to make an eternal difference in the lives of young people and those who raise and influence those young people.

In 1949, a group of Christian men and women began a dream of a Christian camp in Ohio that would impact the world with the love of God.
